More about the Events

Peace Day- Friday, April 28th, 2017

What is it?

We gather on our front lawn for a short ceremony to celebrate Earth Day. It is a time to come together to honor our Earth and promote peace. We come together as a school and community to celebrate conservation efforts and recognize that we are all responsible for creating nature and promoting peace. We invite all parents, alumni and media to join in this special occasion. This school year is particularly special because we will be unveiling our Peace Garden to celebrate 25 years of public Montessori in Mecklenburg county.

After our ceremony, children will return to class and begin gardening around the classroom. Mrs. Charlotte is a wealth of knowledge in help determining a weed from a valuable plant. She may also have larger projects needing a few additional parents. We encourage parents and other family members to help pitch in to help beautify our grounds.
